

**Job Title:** Construction Materials Testing (CMT) Manager

**Location:** Gastonia, NC

**Type:** Full-Time

**Pay:** From \$100,000

The Thrasher Group North Carolina, Inc. is a full-service engineering, and field services consulting firm with a rich resume of project success all throughout the Carolinas. Our team of skilled experts delivers a vast array of professional services to clients across five major markets: buildings & facilities, land development, water resources, transportation, and energy.

We are looking for a Construction Material Testing Manager to lead and grow our Gastonia, NC field staff and lab. If you are a highly motivated team player that that wants to build a team of testing and inspection professionals, then check out the job duties below.

In this role, you will be asked to;

- Perform field and laboratory testing of construction materials or special inspections as needed.
- Hire, manage, train and coordinate special inspection and material testing staff.
- Generate quotes and pricing for requested services.
- Prepare daily field reports, photo documentation, and maintain construction reports.
- Review daily field reports, test data and photo documentation performed by staff to verify accuracy before communication and submittal to the client and/or project manager.
- Be responsible for maintaining quality standards for all field staff.
- Develop and maintain relationships with contractors and other clients.
- Track and perform maintenance of laboratory and testing equipment.
- Maintain AASHTO, CCRL, and NCDOT laboratory accreditations.
- Track and perform material testing work with LIMS platform (Spectra QEST) and report documentation software (DashPivot).

Qualifications may include;

- High school diploma, or GED required. An associates degree in a related field is preferred.
- A minimum of 10 years of construction materials testing experience.
- Have NCDOT/SCDOT, ACI or other Nationally accepted Certifications for soils, aggregates, concrete and asphalt material testing.
- Possess knowledge of local and state (NC and SC) regulations associated with material testing and special inspections.

- Possess a valid driver's license.
- Good communication and time managements skills.
- Possess the ability to work independently or collaboratively.
- Occasional lifting of equipment up to 50 lbs.
- Ability to read and interpret construction plans and specifications.
- Ability to work outside in varying weather conditions is required.
- Schedule flexibility, including the ability travel and work some evenings and weekends when needed.
